

# Stabilization Kit

## Eden-Agro-Ventures Farm

**Purpose:** Protect milk quality from farm to buyer with simple cold chain and hygienic collection assets.

### Itemized Ask

2x Heavy duty stainless cans (20 L)	KES 32,000
3x Stainless milking buckets (16 L)	KES 27,000
1x 300 L energy-efficient chest freezer	KES 75,000
1x 5,000 L double-layer water tank	KES 50,000
Plumbing and installation	KES 20,000
Logistics for delivery	KES 15,000
<b>Subtotal</b>	<b>KES 239,000</b>

### Rationale

This package reduces spoilage and raises farmer credibility with schools, hotels, and resellers. Combined with reliable transport, it secures supply and supports price stability.

### Reporting to Funders

- Installation photos and receipts.
- Weekly WhatsApp status updates during the installation phase.
- Monthly summary of spoilage reduction.

### How to Fund

Email: [hmtvoices@gmail.com](mailto:hmtvoices@gmail.com)

Part of the full KES 496,150 Pilot Implementation.
